## Last Night's Meeting.

Last evening a large crowd of citizens assembled at the Court House to protest against the State Prison removal. Senator Rickey was elected Permanent Chairman of the meeting and S. P. Davis Secretary. Assemblyman Folsom explained the purpose of the meeting. It was called to enable the delegation to know what steps the people wanted taken on the bill relative to the State Prison removal. The delegation wanted instructions and backing. He believed that the danger of removing the Prison was over and it was not advisable to make any trade. On motion of Mr. Hoter the chair was empowered to appoint seven taxpayers of Ormsby to operate with the delegation in the matter.

Mr. Coffin stated that he and Mr. Wagner had visited Storey and that the feeling there was strongly against incurring any more expense in issuing any more bonds and that if Ormsby made a trade with Washoe it would destroy the friendly feeling now existing between Ormsby and Storey.

After some discussion the Chair appointed Geo. Thaxter, M. Cohn, T. Coffin, M. C. Gardner, T. R. Hofer, W. D. Tobey, and John Wagner to co-operate with the Ormsby Delegation in fighting the State Prison removal and the meeting adjourned.

## John Mackey all Right.

In reference to a letter sent day before yesterday to John Mackey by the citizens of Carson congratulating John Mackey on his escape, the following telegram was received yesterday.

San Francisco, Feb. 28, 1893.

SAM DAVIS:—Letter just received and please return to the citizens of Carson my sincere thanks for their kind feelings expressed by them in my behalf. I am happy to inform them I am now out of danger and hope soon to meet them. Thanking you for your very kind attention.

When your watch or clock needs repairing, consult Frank Biechen, of the Carson Exchange block. Frank is a skillful workman and moderate in his charges.

A popular subscription is being taken up in Ohio to aid McKinley in his distress. Why don't some of the millionaire monopolists donate a million or so to help their protector out of his financial difficulties?

The Hawaiian treaty is thought to be a dead letter as far as this session is concerned. The Senate will probably shelve the treaty and subject the whole matter to consideration by the incoming administration.

The ideas entertained by the Virginia Chronicle on Constitutional law would do credit to Old Pat himself. He certainly in his palmiest days never made any worse flounders than the Chronicle has indulged in in the past week.

The Newspaper Man for February has a picture of Edw. L. Cohn, editor of the Stockton Mail. Cohn is one of the ablest men in the State of California, and a trenchant, vigorous and capable writer.

He is now mentioned in political circles as a candidate for the Hawaiian mission and the incoming administration would do itself credit to name him for the place. No more fitting appointment could be made and it would be indorsed by every newspaper on the coast.

## Electricity from Wind.

Owing to the comparative scarcity of water power in many parts of England for the generation of power for electrical purposes, attention has been given to wind power, of which the country is well supplied. A small experimental plant has been in operation at a flour mill near London the windmill supplying sufficient power to run a small dynamo. The current is used to charge a storage battery, from which a number of arc and incandescent lamps were lighted nightly. Although the current obtained was small the experiment was successful in demonstrating the value of this form of power for generating electricity.—Electricity.

## Ignoring the People.

Yesterday the resolution providing for submitting the question to the people of calling a Constitutional Convention, was lost in the Senate by a vote of 9 to 6. Two years ago the people of this State voted for a Constitutional Convention, and they were counted out by the baldest sort of trickery in the Senate. This Legislature should have righted this wrong. Yesterday the Senate killed the resolution. It is not too late to reconsider the vote.

From this on I will keep 10 varieties of apple trees that will keep from March to May, such as will sell in San Francisco by the car load when California apples are going out of season. I will do my own grafting and bring the prices down. In Spring I will condense from publications East and West the cheapest and best way to abate and destroy fruit pests. I have elms and other shade trees, roses and general nursery supplies.
